

Elite[®] gas furnaces come appointed with:

Insulated blower compartment to minimize heat loss and maximize efficiency

Designed to integrate with the PureAir[™] air purification system

Sturdy burners reduce noise and maintain efficiency throughout the unit's life

Patented clamshell design reduces air leakage from the unit, sending more heated air to the home

Additional design elements, like pre-cut holes, pre-bent flanges, and factory installed flue collars, make the installation quicker and more precise

Dual-fuel compatible with Lennox[®] heat pumps for added cost savings
